The Miracles of Jesus

What Did He Just Say?
Matthew 15:21-28
March 24, 2019
Pastor Basilio Ramirez

1. This was our first chance to hear Basilio Raamirez preach. What did you think? Is there something encouraging you might say to Basilio about his message or style?
2. Jesus seemed to resist helping the Canaanite woman at first; the issue seems to be that she was not a Jew, but a Canaanite—a Gentile. Romans showed preference for citizens. Some of the early church leaders hesitated to help people with certain vices. Later Christian leaders were reluctant to help those who were capable but unwilling to work. What kind of people are we Christians today reluctant to help?
3. Give a couple of examples of the kind of people we Christians today are most likely to send away from our ministries; the kind of people that bother us, that get in the way:
4. Ultimately the woman showed the extent of her faith. Without arguing her right to be served, she persisted in humbly asking for Jesus' help, until her daughter was made well. Can you name one or two things God has done in answer to your prayers, to which you were not entitled?
